NOTES FOR BUILDING PERMIT APPLICANTS

1. **DO NOT BEGIN ANY WORK** unless and until a building permit is issued by the Building Inspector.
2. Once issued, the building permit **MUST BE DISPLAYED** on the premises where it is visible from the public road and shall be protected from the weather.
3. Provide the **ROAD AND FIRE NUMBER** of the proposed project location on all application forms.
4. If your application pertains to locating a mobile home, you **MUST SUPPLY** the manufacturer's name, the year of manufacture, serial number, model and HUD numbers. You must also **SUBMIT** the complete installation instructions supplied by the unit's manufacturer. (The dealer or sales agent can assist you with all of the foregoing information).
5. For some proposed projects you may be required to submit drawings and information which have been sealed and signed by an architect, surveyor or professional engineer licensed in the State of New York.
6. **FOR ALL PROPOSED PROJECTS** you must submit drawings, sketches and information sufficient to enable the Building Inspector to determine whether the project meets the minimum requirements of the New York State Fire Prevention and Building Code.
7. No building or structure shall be occupied or used, nor shall any solid fuel burning appliance be used, until a **Certificate of Occupancy/Compliance** is issued by the Building Inspector or CEO.
8. After approval of this application, **CHANGES or ALTERATIONS** are prohibited.
9. The permit is **valid for one (1) year** from its date of issuance, but may be extended upon request.
10. Lack of planning does not constitute an emergency. The Village Code Officials require some time to process applications.

**Incomplete or missing information will only delay the application process.
Please check all information for accuracy.
Incomplete applications will be returned to the applicant.**
